QUICK GUIDE-IQ REMOTE

Qolsys QUALITY OF LIFE

POWER UP THE DEVICE
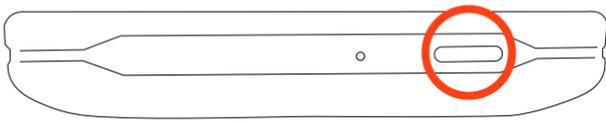

Press and hold the power button until the screen illuminates (approx 3-5 sec)

CONNECTING THE IQ REMOTE TO WIFI

The IQ Remote pairs with the IQ Panel 2 over a secure WIFI Network (802.11 B, G, N, AC) and must be connected to the same 2.4 or 5 GHz network as the IQ Panel 2 before you can add it to the system.
To connect to a secure WIFI:

Touch
"Activate WIFI"

Whitehouse

Your Neighbor
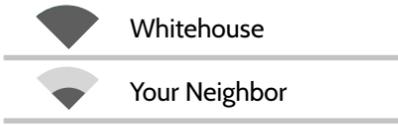

Select network from available list.

Password

Enter WIFI credentials

IMPORTANT: Please check that the IQ Remote can successfully connect to the network in the chosen installation location

PAIRING THE IQ REMOTE WITH THE IQ PANEL 2

Perform the following steps on the **IQ Panel** 2 to pair an IQ Remote

Touch
"Settings"

Touch
"Advanced
Settings"

Enter Installer Code
(default is 1111)

Touch
"Installation"

Touch
"Devices"

Touch
"WI-FI Devices"

Touch "IQ
Remote
Devices"

Pair

Touch
"Pair"

Perform the following step on the **IQ Remote** to pair with the IQ Panel 2

PAIR

Touch "PAIR" on the IQ Remote to pair with IQ Panel 2

The IQ Remote will take a moment to synchronize with the IQ Panel 2 over the network. If a software update is available it will download automatically. Once complete the home screen will appear. To add additional IQ Remote tablets repeat steps above with up to three (3) total devices.
